Achievement

The SCL90-24 is the toughest version of the in line SADEV gearboxe range. It comes in off-road version and circuit where the SCL90-24 meets a growing success.

Recently introduced in some circuit championship like the V8 Superstars, its performance and reliability are of interest to many observers and experts.

Sadev

Performance, quality and reliability are the values on which SADEV based its reputation.

For nearly four decades, SADEV has adapted its transmissions to the innovation which take place in motorsport.

To respond effectively to the demands of our customers, every day SADEV take great strides to reach the highest quality. In addition, highly qualified partners in a workshop production at the cutting edge of technology, provide a fundamental result.

In addition, SADEV, for the sake of proximity, has established a network of exclusive distributors, not only in Europe but also USA and South America.

Application

- Circuit
- Rally
- Rally-Raid

Technical details

- 6 speed dog ring gearbox, with sequential gearing
- Maxi engine torque : 650 N.m (479 lbs/ft)
- Various drop gears available
- Wide range of gear ratios available
- Specific aluminium casings
- Specific clutch shaft
- Splash lubrication
- Reverse cable
- Potentiometer for gear display
- Output connected to primary shaft
- Various output flanges
- Cut-off sensor
- Weight : **46 kg**

Options

- Hydraulic clutch bearing
- Mechanical oil pump
- Bell housing
- Gear lever
- Gear display
