- Gear display

Achievement

Combining reliability and performance, the ST75-14 is defined as the most popular sequential gearbox for 2-wheel drive vehicles.

Produced over 2,000 units and used all around the world, the ST75-14 has largely contributed to the expansion and the reputation of SADEV.

Offering the best quality cost ratio, adaptable on a wide range of engines, the ST75-14 is extremely competitive on most kinds of surface.

Sadev

Performance, quality and reliability are the values on which SADEV based its reputation.

For nearly four decades, SADEV has adapted its transmissions to the innovation which take place in motorsport.

To respond effectively to the demands of our customers, every day SADEV takes great strides to reach the highest quality. In addition, highly qualified partners in a workshop production at the cutting edge of technology, provide a fundamental result.

In addition, SADEV, for the sake of proximity, has established a network of exclusive distributors, not only in Europe but also USA and South America.
